## Work Experience

### FlowState Marketing

Location | Denver, CO

Position | Part-time Freelance Web Designer

Employment | June 2017 - Present

I am currently working part time with FlowState Marketing as a freelance web designer. My workload ranges from print and digital graphic design, web design, converting website mockups into working code, and doing site maintenance on existing websites.

[www.belongdesigns.com](http://www.belongdesigns.com) - Branding, website design and Shopify buildout.

### Craig London: Orlando Web Dev

Location | Orlando, FL

Position | Freelance Web Designer / Developer

Employment | November 2016 - January 2017

I helped Craig with various design tasks. I also created custom code to optimize layout and responsiveness.

[www.sandcastlehomecare.com](http://www.sandcastlehomecare.com) - Coded up homepage and made tweaks to reflect the mockup design.

### Solodev

Location | Orlando, FL

Position | Web Designer / Developer

Employment | June 2015 - July 2016

Work on all phases of website development from Design and Building to Development and Deploy. Coded responsive emails, created web banners, executed client requests. A few examples of my involvement below:

[www.springstone.com](http://www.springstone.com) - Update and manage all 15 websites for the different locations of Springstone Healthcare Facilities.

[www.drphillipscenter.org](http://www.drphillipscenter.org) - Created the select your own seat graphics, converted to SVG and implemented into website.

[www.floridamilk.com](http://www.floridamilk.com) - Designed sectional headers, Implemented code into Solodev's CMS, Integrated News and Blog Sliders into website.

[www.oneblood.org](http://www.oneblood.org) - Created custom graphics, coded website, designed and coded medical portion of website for repeat blood donors.
