University of North Florida
BFA with a concentration in Graphic Design and Digital Media

Work Experience

FlowState Marketing

Location | Denver, CO
Position | Lead Web Developer
Employment | June 2017 - Present

As Lead Web Developer for FlowState Marketing I assisted by transforming the designs into functional websites. My day to day tasks included building fulfillment web applications for clients, building and managing custom eCommerce solutions, overseeing web management plans, working internally with designers and project managers as well as externally for client facing communication.

Craig London: Orlando Web Dev

Location | Orlando, FL
Position | Freelance Web Designer / Developer
Employment | November 2016 - January 2017

I helped Craig with various design tasks. I also created custom code to optimize layout and responsiveness.
www.sandcastlehomecare.com - Coded up homepage and made tweaks to reflect the mockup design.

Solodev

Location | Orlando, FL
Position | Web Designer / Developer
Employment | June 2015 - July 2016

Work on all phases of website development from Design and Building to Development and Deploy. Coded responsive emails, created web banners, executed client requests.
